

Technical Data Sheet

SILVERHOOK WAX COATING Ref: BIG60, BIG63

PRODUCTS

Silverhook Wax Coating – BIG60 (Clear), BIG63 (Black)

PRODUCT DESCRIPTION

Silverhook wax provides all-round rustproofing treatment for your automobile. The spray on thick wax solution is one of the easiest ways to protect your vehicle from hidden rust, it works by killing existing rust then preventing contaminants from touching paint/metal surfaces by providing a barrier of flexible wax that will not crack, peel or wash off.

BENEFITS

Chases out any moisture, cuts through oil films, gets through grease and dirt in moments in order to cling to metal surfaces leaving the sprayed area permanently protected.

APPLICATION

Perfect for numerous hard to reach areas that commonly don't get cleaned, apply to insides of doors, behind sills, internal / under body structures, light clusters, boot, bonnet sills, floors etc.

INSTRUCTIONS FOR USE

Always ensure the area that you're about to apply this product to is as clean and dry as possible in order to prevent trapping dirt between metal and wax.

Available in Black & Clear finishes in: Aerosol. 1L Schutz

Drying time
4-6 hours
